

葉均承/ CHUN-CHEN YEH/ JEAN YEH

Associate Professor

Department of Mathematics, National Kaohsiung Normal University
chunchenyeh@mail.nknu.edu.tw \diamond <https://orcid.org/0000-0001-8298-8961>

Last updated on January 28, 2024

EDUCATION

- Ph.D.: Mathematics in Texas A&M University, Texas, USA
- B.S.: Mathematics in National Taiwan University, Taipei, Taiwan.

EXPERIENCE

National Kaohsiung Normal University

Kaohsiung, Taiwan

- Associate Professor August 2022 - present
- Assistant Professor August 2019 - July 2022

Texas A&M University

College Station, TX, USA

- Research Assistant April 2019 - July 2019

PUBLICATIONS

1. Shi-Mei Ma, Jun Ma, Jean Yeh, and Yeong-Nan Yeh. Excedance-type polynomials, gamma-positivity and alternately increasing property. *European Journal of Combinatorics*, 118:103869, 2024
2. Shi-Mei Ma, Hao Qi, Jean Yeh, and Yeong-Nan Yeh. Positivity of Narayana polynomials and Eulerian polynomials. *Advances in Applied Mathematics*, 154:102656, 2024
3. Shi-Mei Ma, Hao Qi, Jean Yeh, and Yeong-Nan Yeh. Commuting eulerian operators. *Discrete Applied Mathematics*, 342:355–361, 2024
4. Shi-Mei Ma, Hao Qi, Jean Yeh, and Yeong-Nan Yeh. Stirling permutation codes. *Journal of Combinatorial Theory, Series A*, 199:105777, 2023
5. Jianping Li, Junran Lichen, Wencheng Wang, Jean Yeh, YeongNan Yeh, Xingxing Yu, and Yujie Zheng. 1-line minimum rectilinear steiner trees and related problems. *Journal of Combinatorial Optimization*, 44(4):2832–2852, Nov 2022
6. Roberta Rui Zhou, Jean Yeh, and Fuquan Ren. Context-Free Grammars for Several Triangular Arrays. *Axioms*, 11(6), 2022
